Hi Valerie-

I didn't see your name on the distribution list.

I'm checking with Dan about our ability to make copies. We may have to pay ASHRAE.

Attached is the actual paper as published by ASHRAE Transactions. This differs from the PDF file that I sent you earlier in that the pictures in the published PDF file are in shades of gray, not color. Also, the city and date of publication are referenced at the bottom of the first page.

The actual wording that I sent you previously was the same as this published version.

Please use this published PDF file when referring to the paper titled "**Predicting Contaminant Removal effectiveness of Three Air Distribution Systems by CFD Modeling**".
